

Dependency Report

The Dependency Report shows dependencies among MATLAB files in a folder ([Learn More](#)).

Rerun This Report

Run Report on Current Folder

☐ Show child functions ☐ Show parent functions (current folder only)

☐ Show subfunctions

Built-in functions and files in toolbox/matlab are not shown

Report for Folder C:\Users\Lewan\Documents\MATLAB\Modeling\Replication market

MATLAB File List	Children (called functions)	Parents (calling functions, current dir. only)
combineFigures	current dir : suplabel	
getMyPath		mainDrawRepFigures mainDrawTheoryRepFigures mainRepMarket
hline	function : hline	hline
mainDrawRepFigures	toolbox : \stats\stats\refline.m current dir : getMyPath current dir : plotPubvPriv
